## So.Re.Com. Joint-IDP project

### Core Executive Committee Preliminary Assessment of Candidatures

As indicated in Annex I of the grant agreement, the selection is a multistep process based on:

- a) the comparative analysis of the application dossier by the members of the Core Executive Committee (30 points)
- b) an interview with the Recruitment Board composed of the SoReCom Joint IDP Scientific co-ordinator – sole responsible for the final ESR's admission of applicants – and other members of the Scientific Supervisory Board (30 points)

For both steps the evaluation has been made on the basis of the scientific quality of applications, the compatibility of the applicants background and required language skills with the research topics offered in the vacancy.

After having examined all the candidature dossiers the members of the Core Executive Committee held a Skype meeting on the 24 April 2014 to perform a preliminary assessment of the applications and to appoint the members of the Recruitment Board.

The Core Executive Committee is composed of:

1. Prof. Annamaria de Rosa (Sapienza University of Rome, Italy)
2. Prof. Andrei Holman (University A.I. Cuza of Iasi, Romania)
3. Prof. Radim Marada (Masaryk University of Brno, Czech Republic)

#### **1. Appointment of the Sapienza University Recruitment Board**

The appointed members of the Recruitment Board for the selection of thirteen positions of Early Stage Researchers to be appointed as "assegnista di ricerca" for the EU-funded SoReCom Joint-IDP project (Grant Agreement PITN-GA-2013-607279) are the following:

1. Prof. Annamaria de Rosa (Sapienza University of Rome) – Chairman
2. Prof. Elena Bocci (Sapienza University of Rome) – Member
3. Dr. Laura Dryjanska (Sapienza University of Rome) – Member

#### **2. Preliminary assessment of the candidatures (listed by alphabetical order)**

See attached Table on next page.
